Finance Committee Meeting

Meeting Date: March 16, 2021

TO: Finance Committee

FROM: Betty Burnett, General Manager

STAFF CONTACT: Mary Carey, Finance Controller

SUBJECT: CalPERS Unfunded Liability (OPEB & UAL) Funding Policy

Summary/Discussion

During the preparation of last year's 2019/2020 Budget substantial work was done to inform the Board and engage discussion regarding accruing and growing unfunded liability related to CalPERS pension and OPEB obligations. The Board asked that the Finance Committee work with SOCWA staff to develop an approach to address the obligations and set forth commitments for the future.

In September 2020, Staff brought forward to the Finance Committee a recommended policy to address funding options and funding progress for CalPERS Unfunded Liability (UAL) obligations. The draft policy was a starting point for discussion of a workable approach for the member agencies. The focus of the effort was to be in a position to deliver to the Board a policy in advance of the preparation of the coming fiscal year budget 2021/2022. Several staff representative meetings were held with member agencies to discuss an approach that would capture the commitment of the agencies to meet the funding needed into the future. It was recognized that the Policy statements should be approved by the Board and then carried into the revisions to the JPA Agreement in the process now underway but also expected to take some time. Various presentations provided to the Finance Committee have highlighted that with an estimated \$15 million in current obligations the unfunded liabilities will grow at 7% per year based on CalPERS current approach. Attached is an Example of the financial benefits that occur from making advanced payments to reduce the growth of the UAL liability.

As the agency representatives met and held discussions, several noted that consideration be given to meeting the costs accumulating as "normal" contributions to current employees for future medical obligations, also referred to as "Normal OPEB Contributions." The agency finance representatives generally agreed that it was advisable not to accumulate more future obligations and expressed support to include the "Normal" costs in the coming FY draft budget (2021/22).

Additionally, discussion was had on the development of a Policy statement to put before the Board as the Board had requested of the Finance Committee. The attached draft follows on the agency representatives' general discussion.

Recommended Action: Staff recommends to the Finance Committee to recommend to the Board of Directors the approval of the CalPERS Unfunded Liability (OPEB & UAL) Funding Policy.

South Orange County Wastewater Authority Unfunded Liability CalPERS Accrued Pension (UAL) and Other Post Employment Benefits (OPEB) Funding Policy Adopted April 5, 2021

Policy Purpose

Adoption of a formal policy defining priorities and guidelines for the funding of pension benefits is a best practice for public retirement systems. National organizations representing the nation's governors, state legislatures, local officials and public finance professionals formed a Pension Funding Task Force and released "Pension Funding: A Guide for Elected Officials" in March 2013, which recommends state and local governments adopt pension funding policies based on the following five general policy objectives:

- 1. Have a pension funding policy that is based on actuarially determined contribution (ADC). The ADC should be reviewed on an annual or biannual basis.
- 2. Build funding discipline into the policy to ensure that promised benefits can be paid.
- 3. Maintain intergenerational equity so that the cost of employee benefits is paid by the generation of taxpayers who receives services.
- 4. Make employer costs a consistent percentage of payroll.
- 5. Require clear reporting to show how and when pension plans will be fully funded.

In March 2018, the California State Auditor released its report number 2017-113 on its audit of the South Orange County Wastewater Authority (SOCWA). The audit's finding was as follows.

Responsibility for SOCWA's Unfunded Retirement Benefits Is Unclear

SOCWA's JPA agreement specifies that it is a separate entity established under Government Code section 6500 et seq. and is distinct from its 10 members. In addition, SOCWA's JPA agreement does not expressly hold its members liable for its unfunded obligations for retirement benefits for its employees, specifically pensions and other postemployment benefits totaling approximately \$18 million as of June 2017. The State Auditors asked SOCWA officials whether the members would be liable for these amounts if SOCWA were to dissolve and did not have sufficient assets to pay these obligations, and Staff believed the members would be liable.

However, the State Auditor concluded that the JPA agreement is unclear and the SOCWA officials did not have a firm legal opinion or an express guarantee from the members to support the staff opinion. Subsequent to the State Auditor's recommendations in September 2018, the Governor signed into law the provisions of AB 1912, which requires JPA members to consider the matter of distribution of PERS obligations in the event of JPA dissolution and should that not occur the CalPERS Board is authorized to make a distribution for the members of the JPA.

The State Auditor's recommendation included the following:

SOCWA and its members should amend the current JPA agreement to expressly state whether members will be responsible for SOCWA's retirement benefits liabilities in the event SOCWA is not able to meet those obligations and then it should inform plan participants of that provision.

Funding Objective

The main objective of SOCWA's retirement programs is to fully fund the long-term cost of benefits provided by the Authority, through disciplined and timely accumulation of contributions and prudent investment of assets to deliver earned benefits on a continuing basis.

Funding guidelines

The following priorities and guidelines seek to balance six (6) main objectives:

- 100% Payment of Vested Benefits Contributions and current plan assets sufficient to pay for all vested benefits expected to be paid to members and their beneficiaries when due.
- 2. On a go forward basis, OPEB Normal Costs (Current Year) will be funded in each budget year.
- 3. A catch-up period will be in place over the next four (4) years to fund the OPEB Normal Costs for FY 2018/2019 to 2019/2020.
- 4. Unfunded Accrued Liability (UAL) and Other Post-Employment Benefits OPEB shall be recorded on the books and records of SOCWA via the Supplemental Financial Statements in each annual period and the recorded allocation approved by the SOCWA Board is an affirmative obligation of each member agency as stated therein.
- 5. SOCWA Staff will present in each annual budget preparation period reports on the accruing OPEB and UAL Obligations. Each agency will indicate in each annual budget cycle it's approach to meeting the obligation. Options may include: (i) pay Normal accruing costs only, (ii) making additional collective contributions, (iii) allow individual agencies to make contributions to their individual obligations.
- This policy should be reviewed from time to time to keep pace with new and developing and developing trends and information.

Key Policy Decision

- SOCWA Member Agency's will be assigned within the JPA Agreement the obligation to fund a share of UAL and Future CalPERS bases utilizing the Actuarial Methodology based on rolling averages historical actual where worked labor dollars from fiscal year 2002 forward, and the same shall be recorded in the Financial Statements and Use Audits in each Annual Period.
- Each SOCWA Member Agency may elect to fund its share of UAL through Additional Discretionary Payments (ADP) to be made direct to CalPERS through SOCWA using one or a combination of the following payment plans:
 - a) Payments will be based on a fixed ADC amount that meets a funding timeline and/or % that follows the guidelines of this policy or
 - b) Member Agencies may elect to make a lump sum ADP or
 - c) A combination, a lump sum payment and ADC's
- Each Member Agency is requested to submit their Payment Plan during the Annual Budget Process and it will become a Budget Line Item.
- Member Agencies are encouraged to pre-pay their full UAL and their portion of New Bases as they become due.
- The ADP Budget Line Item will be invoiced quarterly and the normal payment terms, Net 45 days, shall apply; however, the payment to CalPERS will be made in July, which will increase savings.
- SOCWA's staff will report to the Board annually on the Progress of paying off the UAL, remaining balances and interest/carrying rate of unpaid balances, and SOCWA member agency representatives will make that information available to their full boards or councils.
- Revisions should be made to the SOCWA JPA Agreement to capture the obligation of individual SOCWA member agencies to meet their share of UAL/OPEB obligations into the future.
