SUBJECT: SOCWA 457b Plan Loan Program Update

Summary/Discussion

SOCWA offers to its employees a Nationwide 457b Plan for investment of employee savings toward future retirement which also includes a Loan Program. As a plan sponsor, SOCWA has fiduciary obligations to maintenance of the 457b plan ("Plan").

This past year it came to the attention of staff that in connection with retiring employees the SOCWA Plan requires that on the separation from employment individual loans with employee balances must be repaid in full. In several cases, employees have utilized Plan funds via loans to make substantial down payments for housing or other major expenses and requirement for repayment on retirement creates a hardship.

Staff conferred with counsel advising SOCWA regarding the Plan and learned that it is possible to allow for offsets of funds due to the retiree from SOCWA to be allocated by the retiree to funding of loan repayments in order that the obstacle to retirement is removed. If the repayment source does become unavailable, then the loan would revert to being a distribution event for the retiree.

Recommended Action: Staff is seeking concurrence of the Finance Committee to recommend the Board of Directors:

- 1. Approval for the SOCWA 457b Plan Loan Program to allow for an offset of payments otherwise due to retirees to be allocated to retiree loan repayments following separation from employment with the caveat that should the repayment source become unavailable the loan balance would then become a taxable distribution event. [Employee Authorization Form attached]
- 2. Revision to the Nationwide 457b Plan Administration Agreement to allow for SOCWA to submit the offset monies for the repayment of loan amounts via Nationwide's Fast Pay system. [Document attached]

DEDUCTION AUTHORIZATION FOR LOAN REPAYMENT

I, <u>(Insert Employee Name)</u>, hereby authorize the South Orange County Wastewater Authority to deduct from my health reimbursement check, my 457(b) loan payment in the amount of <u>\$(Insert Dollar Amount)</u> per month beginning on <u>(Insert Date)</u> until the loan is repaid or the health reimbursement does not cover the full amount of the payment.

I understand that I can revoke this Deduction Authorization by providing written notice to Human Resources.

If I revoke the Authorization, or the health reimbursement does not cover the loan payment, the loan will become a Loan Offset, and it will be my responsibility.

Loan Offset:

A loan offset is a reduction of the Participant's account balance by the outstanding loan balance and represents an actual distribution from the Participant's account. A loan offset which does not follow a deemed distribution will be subject to ordinary income tax and maybe subject to an additional 10% early withdrawal tax. A loan offset which does follow a deemed distribution will not be subject to taxation. A Participant will receive a Form 1099-R prior to January 31st of the following year reflecting the loan offset.

Plan Loan Program Amendment

WHEREAS, the Plan Sponsor adopted the Plan Loan Program where by Nationwide Retirement Plans has agreed to administer loans in accordance with the terms of said Plan Loan Program.

WHEREAS, the Plan Sponsor or Plan Administrator desires to amend the Plan Loan Program to allow a Participant who has severed employment to continue to repay a loan.

NOW THEREFORE, it is agreed and hereby understood that the Plan Loan Program is amended by replacing Section 7 in its entirety, Section 7 shall read as follows:

7. Loan Default/ Loan Offset

a) Loan Default. If the Participant fails to make up a missed loan repayment within the cure period, the outstanding loan balance, including accrued interest will be defaulted and treated as a deemed distribution effective as of the last day of the cure period. The cure period is the last day of the calendar quarter following the calendar quarter in which the missed loan repayment was due. A deemed distribution is treated as a distribution from the Plan for federal (and possibly state or local) income tax purposes. Therefore, amounts treated as a deemed distribution will be subject to federal, state and/or local income taxes, and maybe subject to an additional 10% early withdrawal tax. A Participant will receive a Form 1099-R prior to January 31st of the following year reflecting this deemed distribution. The Participant shall remain obligated to repay the loan even after a deemed distribution has occurred. Any such repayment following the date of default, will be treated as after tax amounts and the Participant will receive tax basis in his or her account for such amounts.

The outstanding balance of the loan will be treated as a deemed distribution upon notification to Nationwide of the death of such Participant.

b) Loan Offset. A loan offset is a reduction of the Participant's account balance by the outstanding loan balance and represents an actual distribution from the Participant's account. A loan offset which does not follow a deemed distribution will be subject to ordinary income tax and maybe subject to an additional 10% early withdrawal tax. A loan offset which does follow a deemed distribution will not be subject to taxation. A Participant will receive a Form 1099-R prior to January 31st of the following year reflecting the loan offset.

Upon severance of employment, the entire amount of the outstanding loan balance, including accrued interest, will become due and payable. If the loan is not repaid in full prior to the last day of the calendar quarter following the calendar quarter in which the severance of employment occurred, the loan will be treated as a loan offset. However, should a Participant who has incurred a severance of employment and continues to submit scheduled payments directly to the Plan Sponsor or Plan Administrator for submission via FastPay, their loan shall not be Offset until they fail to make up any missed loan payments within the applicable cure period. At which time it will become due and payable as defined above.

Summary/Discussion

SOCWA offers to its employees a 457b Plan for investment of employee savings toward future retirement. As a plan sponsor, SOCWA has fiduciary obligations to maintenance of the plan.

At the SOCWA Board of Directors meeting on September 5, 2019, the Board authorized the General Manager to retain both Nationwide and Wells Fargo Advisory Services to provide plan administration and advisory services. As part of these agreements for services, the Plan Advisory Services are funded by Nationwide. In July 2021, Nationwide notified SOCWA that the Plan Advisory Services would change from Wells Fargo to First Light Retirement, LLC ("First Light") although the actual services are continuing to be provided by the same team, Tom Wolfson and Tyler Wolfson.

Plan Advisory Services include employee education, an annual review of the performance of the investment choices within the SOCWA 457b Plan, interface with Nationwide to maintain quality services, and active monitoring of fund performance for any changes that may occur in fund style or performance. The annual review of the performance of the investments in the Plan is conducted through a SOCWA Employee Committee which also meets quarterly to hear progress updates. Recently, First Light recommended that the Employee Committee sign an updated Investment Policy Statement with updated numbers and current investments to reflect changes since 2019 (see attached). The Policy Statement should be updated every three to five years.

Since SOCWA is responsible for the Plan, Staff is seeking a Finance Committee recommendation to the Board to approve the SOCWA Employee Committee moving ahead to sign a revised Investment Policy Statement.

Recommended Action: Staff is seeking a Finance Committee recommendation to the Board to approve the SOCWA Employee Committee moving ahead to sign a revised Investment Policy Statement.

 - ii. Ensure funds have at least \$100 million under management across all share classes.

- iii. Ensure the portfolio manager has at least three-year tenure, or equivalent experience even if that is only the senior member of a management team.
- iv. Ensure a minimum of 80% of the fund's securities are consistent with the peer group's asset class.
- v. Ensure the Committee's intended category of each fund and current Morningstar category are the same at selection and at each periodic review.
- vi. Ensure the fund's net expense ratio is the same as or less expensive than the category average of the peer group unless performance justifies otherwise.
- vii. Ensure the fund's five-year trailing net performance is at or above the corresponding benchmark and/or appropriate for the level of risk undertaken for the performance achieved.
- C. Investment Restrictions

The Committee believes that the following investments are inappropriate for the funds above and should be avoided:

- i. Alternative Investments, i.e., hedge funds
- ii. Limited Partnerships

V. Investment Options

The Committee, with the assistance of the Advisor, will select the appropriate investment options. Investment options must meet the following criteria:

- A. Must be a bank, insurance company, or investment advisor as defined by the Registered Investment Advisors Act of 1940.
- B. Must provide historical quarterly performance numbers calculated on a timeweighted basis, based on a composite of all fully discretionary accounts of similar investment style, and reported net of fees.
- C. Must provide performance evaluation reports prepared by an objective third party that illustrate the risk/reward profile of the manager relative to other managers of like investment style.
- D. Must provide detailed information on the history of the firm, key personnel, key clients, fee schedule, and support personnel. This information can be a copy of a request for Proposal (RFP) completed by the Manager or Advisors Act ADV Form Part II.

VII. Delegation of Authority

The Committee will not exercise any control over investment decisions, with the exception of specific limitations described in these statements. Investment Managers will be held responsible for their performance against the appropriate benchmarks.

VIII. Guidelines and Investment Policy

- A. Time Horizon the investment guidelines are based upon an investment time horizon of greater than five years, so that interim fluctuations should be viewed with a long-term perspective.
- B. Risk Tolerances the Committee recognizes the difficulty of achieving the Plan's investment objectives in light of the uncertainties and complexities of contemporary investment markets. The committee also recognizes that some risk must be assumed to achieve the Plan's investment objectives. In establishing the risk tolerances of the Investment Policy Statement, the ability of the Plan to withstand short and intermediate term variability was considered.
- C. South Orange County Wastewater Authority's long term business prospects suggest collectively that the Plan can tolerate interim fluctuations in market value and rates of return in order to achieve long-term objectives.
- D. Review Process

- i. Frequency the Committee recognizes that all investments go through cycles and therefore there will be short periods in which the long-term investment objectives are not met. The Committee therefore established a goal of achieving the stated investment return objectives over any five-year period. Normally, any changes in assets or managers have at least five years to prove their ability. However, the Committee reserves the right to change funds at any time as long as the Committee believes the change is in the best interests of the participants.
- ii. Performance the Advisor shall monitor the plan assets on a quarterly basis. The Committee shall review the results of all investments on an annual basis or as needed. In such a review, they shall consider the performance of each investment category against comparable market indices. The Committee shall request of the Advisor additional information as to why the results occurred and what their recommendation for action might be when the performance of any particular investment or investment category is less than anticipated.
- iii. Material Changes The Committee will review material changes in the investment option's organization, fund manager, and investment philosophy to evaluate whether it continues to be an option offered to plan participants. Any legal, SEC, or regulatory proceedings will also be considered.
- iv. Expenses The Committee will review annually all costs associated with management of the plan. This includes the expense ratios of each mutual fund against their appropriate peer group and the administrative fees including record keeping, custody, and trust services.
- v. Corrective measures one or more of the following procedures will be implemented if an investment fails to maintain the Committee expectations; depending on the magnitude of the individual fund's failure to meet the Committee's expectations, the corrective measures may be implemented over 2-3 quarters or immediately depending on the severity:
 - a. Add a similar investment to provide an alternative choice for participants and notify all participants of the additional alternative.
 - b. Restrict the investment from additional deposits.
 - c. Liquidate the investment and transfer all assets to the alternative similar investment.
 - d. Place the investment on a "watch list" or designate it as "red flagged" but continue to make it available to plan participants.
 - e. Other measures that the Committee deems appropriate.

Finance Committee Meeting

Meeting Date: April 19, 2022

| TO: | Finance Committee |
|----------------|---|
| FROM: | Betty Burnett, General Manager |
| STAFF CONTACT: | Jim Burror, Director of Operations |
| SUBJECT: | FY2021/22 O&M Budget Update and Proposed Budget Amendments [PC 2 and 17] |

Summary/Discussion

The staff has been monitoring the progression of spending for FY2021/22. As noted by staff during the FY2021/22 Budget's approval, the PC budgets were very tight, and staff would provide periodic updates on budget spending. The O&M staff has completed projected actuals for FY2021/22 and are requesting budget amendments for PC-2 (JBL Treatment Plant) and PC-17 (Regional Treatment Plant).

Discussion/Analysis

Inflation is impacting operational costs. The Board of Directors has approved contract renewals with increases. The utilities have also increased costs due to inflation. The following is a summary of the increases:

- SCE (electricity) 10.3% (45% increase since 2019)
- SDGE (electricity) 8%
- Southern California Gas Company 14%
- Bleach (AWT, Process Control and Odor Control) 32.8%
- Caustic (Odor Control) 19.5%
- Grit Hauling 5.3%
- Petroleum Products (including cogen urea/DEF and gasoline) 10%+
- Diesel fuel 57%
- Biosolids (Nursery Products 2nd lowest cost option) 13.62% at JBL and 24.16% at RTP
- General inflation (LA-OC CPI) 8.5%
- CSRMA Property and Workers Comp Insurances (average) 15%
- Regional Water Quality Control Board (average) 15.7%
- Construction cost inflation (ENR-LA) 19%

SMWD has been sending higher than anticipated solids to JBL by diverting from flow from 3A to JBL. The following table shows an example of the increased levels from February 2022.

| Parameter | FY21-22 Budget | February 2022 |
|--------------|----------------|---------------|
| Solids (lbs) | 8,548 | 11,615 |

FY2021-2022 O&M Budget Update April 19, 2021

The Administration Building sewer at JBL failed and 25' of sewer had to be replaced. This unanticipated emergency project cost \$25,000. Lastly, there were unanticipated legal costs to address the BKK landfill cleanup demand at \$30,000.

The O&M SOCWA staff continue working with all aspects of the plant operations to minimize these cost increase impacts. However, the sheer magnitude of the substantial increases could not be wholly offset.

PC-2 JBL Budget Amendment

A budget amendment of \$430,000 is proposed to address these increases. The proposed additional funding requested for PC-2 is as follows:

| Budget line item | Budget line description | Requested budget |
|------------------|--|------------------|
| | | increase |
| 02-5002 | Electricity | \$30,000 |
| 02-5003 | Natural Gas | \$70,000 |
| 02-5006 | Chlorine/Sodium Hypochlorite | \$15,000 |
| 02-5008 | Ferric Chloride | \$90,000 |

| 02-5058 | Maintenance Equip. & Facilities | \$45,000 |
| | (Common) | |
| | Total | \$430,000 |

PC-17 RTP Budget Amendment

A budget amendment of \$100,000 is proposed to address these increases. The proposed additional funding requested for PC-17 is as follows:

| Budget line item | Budget line description | Requested budget |
|------------------|--------------------------------|------------------|
| | | increase |
| 02-5003 | Natural Gas | \$30,000 |
| 02-5017 | Legal | \$30,000 |
| 02-5027 | Insurance - Property/Liability | \$40,000 |
| | Total | \$100,000 |

Prior Related Project Committee or Board Action(s)

Fiscal impact

The total O&M proposed budget amendment is \$530,000.

The PC-2 actual fiscal impacts are anticipated to affect SMWD more than the other agencies due to the increased loads to JBL. The final allocations will be determined during the annual Use Audit process.

Recommended Action:

a. Staff recommends that the Finance Committee recommend to the Board of Directors that PC 2–JBL budget line items be amended by \$430,000 and allocated to the following line items:
